Call times will also be shown on the display in the Warm-up Area. Athletes warming up must make their way to the Athletes' Gathering Tent to report at the correct time.

Athletes will spend a short time in the Athletes' Gathering Tent, and the only accreditation card and bibs checks will be made there, to ensure the correct athletes are represented and then taken to the call room.

A specific Call Room Schedule will be produced for each session of competition and published on the notice boards of CID in each Team Hotel, as well as onsite TIC and at the Warm-up Area. This will show the exact times for every event.

Competitors who fail to appear on time at the Athletes' Gathering Tent without a valid reason (e.g., a medical certificate delivered by the official doctor of the Championships) shall be excluded from participating in this and all further events in the Championships, including relays.

Team Officials are not allowed to enter the Athletes' Gathering Tent or Call Room.

After leaving the Athletes' Gathering Tent, athletes will be transported directly to the Call Room.

Athletes' Gathering Tent and Call Room will be available exclusively for competing athletes.

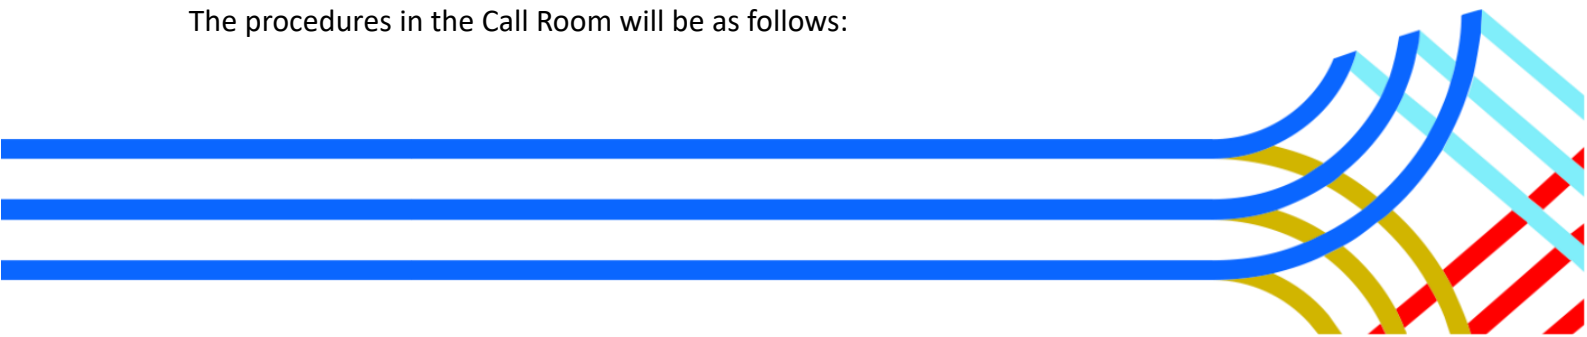

Athletes who compete in Combined Events shall report to the Athletes' Gathering Tent on each of the relevant days of the competition, before the first event of each day. The athletes' control for the subsequent events will take place in the Combined Events Rest Area before the start of each event.

7.11.2. Athlete Replacement Policy

Trying to avoid empty lanes or starting places in Finals and Semi-Finals at SEA Games 2025 when these are due to withdrawals from injury or other justifiable reasons, and therefore approved, an Athlete Replacement Policy will be in place based on the following regulations:

The policy will apply to Finals and Semi-Finals in all events (including relays) A "hot seat" policy will be implemented, where the next-best ranked athlete(s) or teams would virtually sit and wait for possible withdrawals. The lane, or starting order place, left empty will be taken by the next best-ranked athlete(s) or teams, and there will be no re-draw or re-ordering of attempts.

In all races, the best-ranked athletes(s) will be considered the no-qualified athlete(s) who achieved the best times during the previous round. In the case of ties, TR21 and TR 25 shall apply. It will be possible to consider max. 2 athletes for each replacement: e.g., athlete A withdraws from the second semi-final of 200m, and the two best-qualified athletes will enter the hot seat. The first one will then be contacted and will have 15 min to accept the empty starting spot. In case of refusal, the second-best time will be considered. In case of 2 withdrawals, it will be possible to consider up to the fourth-ranked athlete, in case of 3 withdrawals the best 6 athletes will be considered and so on.

The withdrawal deadline will be established 2 hours before the first call time of the first heat in the semi-finals, and 1 hour before the first call room time for the Finals.

7.11.3. Field Events

The field events having 16 or fewer athletes based on the final entries will be conducted as straight finals (meaning no qualifications). In Horizontal Jumps and Throws, the competing order for the fourth fifth, and sixth rounds of trials will be in reverse ranking order and recorded after the first three rounds of trials.

7.11.4. Pole Vault

An athlete shall, before the competition starts, inform the appropriate official of the position of the uprights he/she requires for his / her first trial and this position shall be recorded. If subsequently, an athlete wants to make any changes, he/she should immediately inform the appropriate official before the uprights have been set by his / her initial wishes. Failure to do this shall lead to the start of their time limit. Once the time for the trial has started, no further change in the position of the crossbar is allowed.

7.11.5. Coaching Zone

Dedicated seating will be provided for Field Event Coaches in the first rows close to the event site. The area seats will be accessible utilizing a specific pass, one per athlete, distributed through the TIC once the start lists are issued. Coaches must vacate the allocated spaces immediately after the conclusion of the event.

7.12. TIMING AND MEASUREMENT

The official timing will be provided (ALGE) and will be displayed on the official electronic timing instrument and photo finish cameras provided ALGE for the races the elapsed time will be displayed on electronic timers located at the end of each straight.

All field events will be measured by ALGE scientific measurement equipment.

7.13. POST COMPETITION PROCEDURES

It is possible that an athlete's shoes are collected for further investigation or examination so they must be prepared and arrange to have more than one pair of shoes.

Where the athlete only has one pair of shoes and must compete later or on another day the Shoe Control Officer will advise the athlete of the process. Those athletes who are not to be tested or will not have their shoes checked may return to the Warm-up Area on foot, proceed to the Teams' Stands, or leave the Stadium.

Immediately after the race, the transponders will be collected in the Post Event Area.

Athletes who do not finish the race must return their transponder to the Post Event Area (or to a Competition Official if for whatever reason they may not reach the Post Event Area.

Every kilometer will be marked along the route and the current race time will be displayed on the lead vehicle at the head of the race, with additional display clocks placed every five kilometers (and half-Marathon point) throughout the course, where intermediate times will be recorded.

Retiring from the Race

Due to the Marathon being a multiple loop course, three athlete Drop-out Areas will be designated close to the Medical Tents. During the first three (10K) laps any athlete unable to complete the race, or who have been disqualified, will be taken to one of these areas and driven to the Post Event Area. Water / Sponging and Personal Refreshment Stations

There are two Water Stations and two Personal Refreshment Stations per lap on the course.

Athletes will pass these on each of the laps, meaning there are four opportunities to take on fluids per lap should they require. These stations are approximately 2.5km apart.

At the end of each Water Station, sponges will be available for athletes. The Personal Refreshment Stations will also offer water on the last table. The bottles will be placed on the table by LOC Officials according to the indications on the bottles. Athletes must pick up the bottles themselves.

The LOC will provide some bottles for personal refreshments and adhesive labels 2 pieces per athlete.
